**06/2023 – 10/2023** Il Master in GIScience e Sistemi a Pilotaggio Remoto - Università degli Studi di Padova.

### **"Estate GIS | GIS and Science per il clima, la società e il territorio" - "QGIS avanzato: 3 tips per le analisi geografiche e la cartografia "**

Seminars, geoinformatics laboratories and workshops to raise awareness and involve students and citizens on climate change and the socio-environmental impacts of human activities on a local and global scale, using Geographical Information Science (GIScience) as an interdisciplinary reading and dissemination tool.

**29/07/2023** Durham university, British Council, University of Leicester and University of Oxford

### **Endangered archaeology: using remote sensing to protect cultural heritage**

This course explored the methodology for documenting heritage sites and landscapes, specifically using remote sensing as a key technique. On this course, you learnt about the basics of satellite remote sensing and how to use it to identify and monitor threats to heritage sites and landscape.

**28/07/2023** University of Reading

### **Archaeology: from dig to lab and beyond**

This introductory course explored archaeology from planning where to dig, to the analysis and archiving of artefacts back at the lab. It investigated the methods that can be employed in studying the dead and what skeletal remains can tell us about the lives and health of our ancestors.

**26/07/2023** European university institute (eui) and global governance programme

### **Cultural heritage and the city**

This online course explored the role of cultural heritage in cities. It provided an introduction to the multilevel governance of heritage and insight into how cities can harness the impacts of heritage from an economic, political and social standpoint.

**2023** Università di Padova

### **Historic Landscape Archaeology: Approaches, Methods and Beneficiaries**

This online course explored the history of Mediterranean landscapes and its importance for communities today. It also investigated how millennia of human activity have shaped landscapes and the archaeological methods used to understand their evolution.

**22/08/2022 – 28/08/2022** Marsala, Trapani

### **History & Politics Summer School , DEMS UNIPA Marsala**

The Marsala H&P Summer School was established in 2016 and is characterised as an academic-scientific and cultural-educational event that takes place over a week of seminar meetings and conferences in which the urgent issues of our contemporary and current political situation are addressed through the voices of authoritative scholars and specialists in the topics covered.

**06/09/2021 – 10/09/2021** Universitat de Barcelona-Department d'Història i Arqueologia.

### **Responder a las emergencias Espacios y formas de la asistencia y de la solidaridad (1350-1650)**

The main objective of this Summer School is to train a new generation of researchers on the topics of care and social solidarity between the late Middle Ages and the early modern age. The target audience is bachelor, master and doctoral students, without excluding a broader public interested in these topics. Lectures will be devoted to different aspects of care.
